

Join us for an Enriched YEAR!

Your preschooler will enjoy laughing, singing, making crafts, and more while learning basic reading readiness, phonics and writing skills, math readiness, and social skills with a Christian emphasis. Children will learn about other countries (geography), animals (zoology), music, movement, science, and art.

Preschool age is a vital time to lay not only the foundation for learning, but for moral and Biblical training as well.

Philosophy and Mission

Preschool education is about the development of lifelong skills that are needed in everyday living, in relationships with other people, and in being ready for school. We strive to have children working at their full potential in all development areas and to develop self-confidence and a respect for others.

We believe a child's play is their work. It is their way of developing emotionally, socially, intellectually, physically, and spiritually. Through the experiences we will offer and the learning environment the child will feel safe to explore and learn without fear of failure. We will strive to capture the learning interests and curiosity of each child.

Classes will be limited in size so great care can be given to each child.

“Train up a child in the way he should go, and when he is old, he will not depart from it.”

Proverbs 22:6

Three Year Olds

For this group we would introduce them to concepts such as colors, shapes, letters, cutting and gluing skills, while remembering to make learning fun. Readiness skills will be taught for reading and math as well. All activities are creative and child centered. They will be developmentally appropriate.

Four/Five Year Olds

For this group we will expose them to developmentally appropriate readiness skills such as pre-reading, reading, writing, math, science, and different sensory experiences. Our goal is to make each child secure in their abilities to begin kindergarten.

Both Groups

We will use large and small group activities and center-based learning opportunities. Team teaching will be utilized in the classrooms. In addition to areas of academic concern, we will also introduce and reinforce Bible knowledge. The teachers will plan for active and interactive learning, teacher directed and child initiated activities, indoor and outdoor work and play. A regular routine will be established and followed. Many more types of learning experiences will be incorporated throughout the year such as special guests, and/or field trips. Class size will be small student to teacher ratios.

Language Arts

Reading readiness will be part of each day.

Parents will be included in helping their children.

Tuition and Fees

The academic program will be from 9 AM—12 Noon. Enrichment will be provided from 12 Noon—3 PM as an option. Special classes will be offered during enrichment time such as Spanish, computer, seasonal sport skills, dance, gymnastics, etc., at an additional fee for those who are interested. If additional time is needed for extra care before 9 or after 3, we will make individual arrangements.

Class	Days	Monthly Tuition	with Enrichment	Registration
3 yr. olds	Tuesday & Thursday	\$160	\$200	\$100
4/5 yr. olds	Mon., Wed., & Friday	\$230	\$285	\$100
3, 4, 5 yr. olds	Monday - Friday	\$400	\$490	\$100
